UPDATE
BRONZE COMMAND

C&IP (Insp. Steve Burke)	Steve Burke	Seems that some Provincial resources have been sent by the Divs; could get us into some Article 9 issues there.
		Will be providing messaging up the chain for later today to ensure that any requests that do go out for resources, they must report if they're going to send Contract personnel.
		We'll need to make sure that if the DCFP is asked about resources, that we are reporting accurately.
		Please send a copy of the template from Marc Lacasse at the end of each day for SA.

Jim Efford	Protective / NCRCC (Supt. Jim Efford)	No updates.
		Michele Paradis: was the Deputy Minister taken to Toronto yesterday? Not clear; will get the answer.
Mitch Monette	National Div (Supt. Mitch Monette)	Monitoring the evolution of all activities today; all assets are in place for Protective, with a robust traffic diversion plan in and around Rideau Hall, and all members are actively doing their jobs.
		Both institutions are shut down for today, which began at 0400; had to reach into party leads to make that happen. Only MP remaining in the building is Mark Holland, has been moved to the PM's suite; all others have been moved out.
Larry Brookson	Parliamentary Protective Services (Larry Brookson)	Not much new in terms of protests, SQ is still monitoring Hwy 15 for potential protests at Lacolle, as well as increasing numbers for the protest in Quebec City, but remains under control.
		Resources have been deployed now, tactical troops on the ground in Ottawa with additional 75 personnel coming in today.
Martin Roach	C Div (Supt. Martin Roach)	75 personnel inbound, still looking for a few more.
		Work is finished in Windsor now; TSG and ERT as well as the 75 that were replaced yesterday are on the ground, and another 50 that were requested are on the way.
Tim	O Div (Supt. Andy White)	Can confirm that the DM did make it to Toronto last night, just after midnight.
		Andy White

RCMP Ottawa Command Assist Ops (Supt. Mitch Monette)	No updates.
FP Investigations (C/Supt. Sue Efford)	Sue Efford
FP Investigations Financial Crime (Supt. Denis Beaudoin)	Disclosure is continuing with the arrests of the two individuals yesterday (Tamara Lich, Chris Barber). Talks are ongoing with Finance Canada, as they are still the designate on the Emergencies Act. Banks are reaching out but need to consult with their lawyers as the onus is on the banks. FC will be in talks about these individuals. Expect to be in communication with the banks throughout today, but would like to speak with Silver Command about the continued use of the Emergencies Act as the arrests are beginning. Will stay on the call to discuss after this meeting.

Joint Intel Group (Sandy Harvey)	Sandy Harvey	Morning SITREP will be released in a few minutes. Key today will be getting a pulse check on convoy movements; there is an increased need for visibility on that, and collaboration is needed to pass on information as quickly as possible.
National Mobilization (Marc Lacasse)	Marc Lacasse	Working through some confusion this morning, yesterday received an ask for 150 new resources which NHQ, O Div, and E Div were able to provide. However, understand there was an additional ask coming out through various Divisions. If additional personnel are required over and above the 150, that will need to be validated. Last night, Edmonton Police decided at the last minute not to come due to indemnification concerns raised in certain documents that were sent to them; currently trying to find out who sent those, regarding turning the liability to the originating agency. Working to get those MOAs in place with Josee Couvrette and Melissa Rusk, to make sure those in theatre have the capacity to do their work. Working also to sort out other pressing questions, including Contract versus Federal Policing resources, looking at those issues this morning.
Tech Ops (C/Supt. Peter Ryan)	Peter Ryan	No updates.
Air Services (Mark Penney)	Peter Ryan	No updates.
CIO (Leo Bisson)	Leo Bisson	No updates.

FS&IS O CPIC (C/Supt. Doug Ross)	Doug Ross	Will have bulletin out today expanding on yesterday's information around adding individuals to CPIC re: protest activities. Currently working on another bulletin re: use of Surveillance Op 2 and Op 3, with a smaller distribution list but for this group as well.
NHQ Office (Supt. Lesley Ahara)	Lesley Ahara	Were able to mobilize extra resources to meet the ask; some NCOs got called out last night and many said yes. We have inspectors up to Chief Superintendents helping with ops today, up to noon. Appreciate the support.

NHQ Office (Mario Panizzon)	Mario Panizzon	Updating the e-binder again, will try to populate all the information if there's appetite; expecting a new version to be attached to the meeting invite for 17:00, for your review. This will include all the other documents, including the mission statement. Hoping there's value, please advise. Hiccup last night at 1200 Vanier; employees were turned away by OPP - not just RCMP employees that need access; also SSC. Michelle Paradis: translated version of the e-binder on conduct will be available this morning? Yes. Conduct binder will be distributed again ASAP.

Solicitor-Client Priv.		
CAF Support Liaison (Supt. Dave Elms)	Mike Galloway	Liaising with Dave Elms on the RFA side; support and reiterate what he said. Please keep requests focused, too many directions from various stations can lead to confusion, and delay action on our part.

GOLD COMMAND		

SILVER COMMAND	
Gold (DCFP Mike Duheme) Keith Finn	Question for Dave Elms and Mike Galloway: have you received preliminary enquiries on a formal assistance ask? Looking to understand what is happening re: mobilization, and how we manage the resource asks. Dave Elms: no formal request, just alive to possibilities and ready to go; nothing official for mobilization assistance in terms of a lift. Held discussions last night with MCRCC, to put things in gear and take care of civilian efforts. Need to streamline and focus the requests so we are not looking for duplicated asks; Silver to stay on the line to discuss. Gold meeting this morning: boots on the ground now and arrests happening, reports in the media. Another Gold meeting to be held with ICC today and at 16:00. Sandy is providing updates on the national SITREP to share for SA and posture, but things are reaching a steady rhythm and going remarkably well. Credit to everyone on this call for bringing things together.
	Beginning to pull some structure to the data and information coming through, and getting that out in a more consolidated manner.
